Re: Austin Development (AKA White Birches) in Chichester, New Hampshire
RSA 485-A:17 Site Specific Permit WPS-6884

Dear Mr. Austin:

On May 11, 2005, personnel from the Water Division conducted an inspection on the above referenced site in Chichester, New Hampshire. The purpose of this visit was to determine compliance with RSA 485-A:17 and applicable rules promulgated pursuant thereto, and specifically whether the deficiencies noted in our letter of April 4, 2005 had been corrected.

As a result of this inspection it was determined that the deficiencies noted in our letter of April 4, 2005 had been corrected. In addition, a Wetlands And Non-Site Specific Permit (#2005-00153) was successfully issued on June 30, 2005 to restore 450 square feet of previously disturbed wetlands and dredge and fill 7,538 square feet of palustrine forested wetland, to construct a fire pond and dam structure.

Thank you for your cooperation in remedying this situation. If you have any questions regarding this letter, please contact me at (603) 271 – 2973.

Sincerely,

Amy C. Clark, PE
